

School-Based Service Coordination

Who we are

HSAO School-Based Service Coordinators provide service coordination to students in designated school buildings throughout Allegheny County. School-Based Service Coordinators are responsible for interfacing with school personnel to identify students in need of intensive behavioral health support for the purpose of removing barriers that interfere with both educational and developmental success.

For a comprehensive list of school buildings or to determine if a referral is appropriate please contact:

Tuasheena Mollett
School-Based Supervisor
412-849-2913

What we do

Assess needs and strengths to develop a comprehensive service plan.

Participate in specific school-sanctioned meetings (i.e. SAP Core Team Meetings/Child Study Meetings) for the purpose of student advocacy and technical assistance.

Identify, implement, and monitor behavioral health services for assigned students.
